## EUROFINS CAMPUS IN AIX-EN-PROVENCE

### State-of-the-art laboratories, at your service

Eurofins ATS moved last September to the new state-of-the-art Campus in Aix-En-Provence. With a surface of 5400 m<sup>2</sup>, of which 4000 m<sup>2</sup> dedicated to Consumer Product Testing, Eurofins has extended in over 50% the previously existing capacity of our chemical, physical, clinical and sensorial labs.

In addition, new product ranges were added to the service scope, today consisting of:

- Cosmetics
- Detergency
- Paper, pulp & hygiene
- Household and bazar
- Home improvement and DIY
- Toys

Our more than 200 skilled professionals stay at your disposition.

## TOYS TESTING LABORATORY

### Expansion of testing capabilities in Aix-en-Provence

We are pleased to announce the extension of the service scope of our toy testing laboratory in Aix-en-Provence, France.

In response to the growing demand, the ever-changing and increasingly stringent regulatory scenario and aiming to better serve our international clients, we herewith reinforce our network of existing laboratories also providing testing and assessment services to the toys industry in Europe, the United States and Asia.

Our current portfolio of specialized services and customized packages covers the following fields:

#### Testing

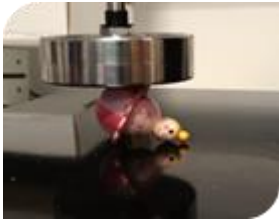

- Safety and compliance
- Physical and mechanical
- Chemical analysis
- Flammability

#### Inspections

- On-site product inspections in your sourcing locations

#### Assessment

- Safety and chemical assessment
- Documentary review (Technical Compliance File, Labelling & Marking, etc)
- Training

## EUROFINS EXPANDS CAPABILITIES ALSO IN ASIA

### Opening of new lab in Hangzhou

As a result of an outstanding performance throughout the last years, Eurofins Hangzhou has recently extended capabilities and capacities to better serve the increasing number of clients.

With a surface of 1749 m<sup>2</sup> and 57 staff, of which 40% testing engineers and 60% administrative and commercial employees, we have expanded in over 50% the previous existing capacity, and broaden our capabilities, allowing us to offer a wider service scope, including the following product ranges:

- Textile & leather
- Chemical, REACH, RoHS...
- Household, Food Contact
- DIY, Hardlines, Toys
- Furniture & decoration, Outdoor, Luggage, Sport

# EUROFINS WORLDWIDE: ONE-STOP-SHOP FOR QUALITY ASSURANCE & CONTROL

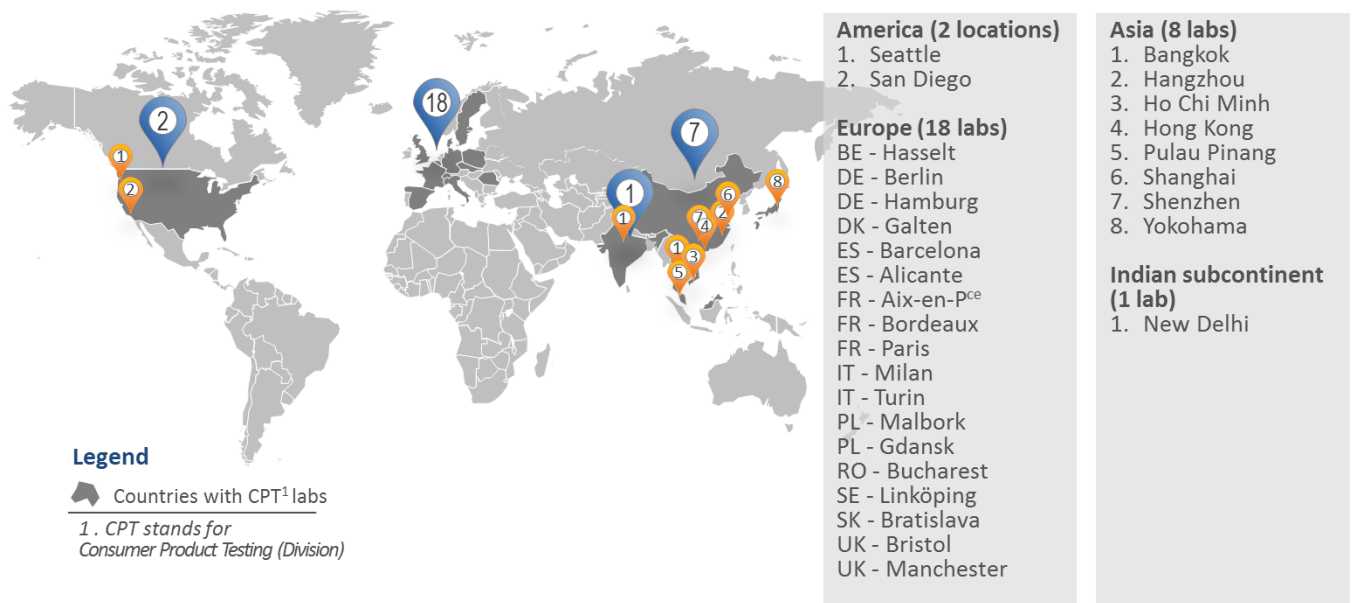

laboratory network, in 39 countries, covering an array of industries

With an annual revenue over EUR 2.5 billion and over 28,000 employees in 310 sites across 39 countries in Europe, the USA, Pacific and South America, Eurofins Scientific is a leading international group of laboratories providing a unique range of analytical testing services to the pharmaceutical, food, environmental and **consumer products** industries.

## Eurofins' Consumer Product Testing division

Serving retailers, brand owners and manufacturers worldwide

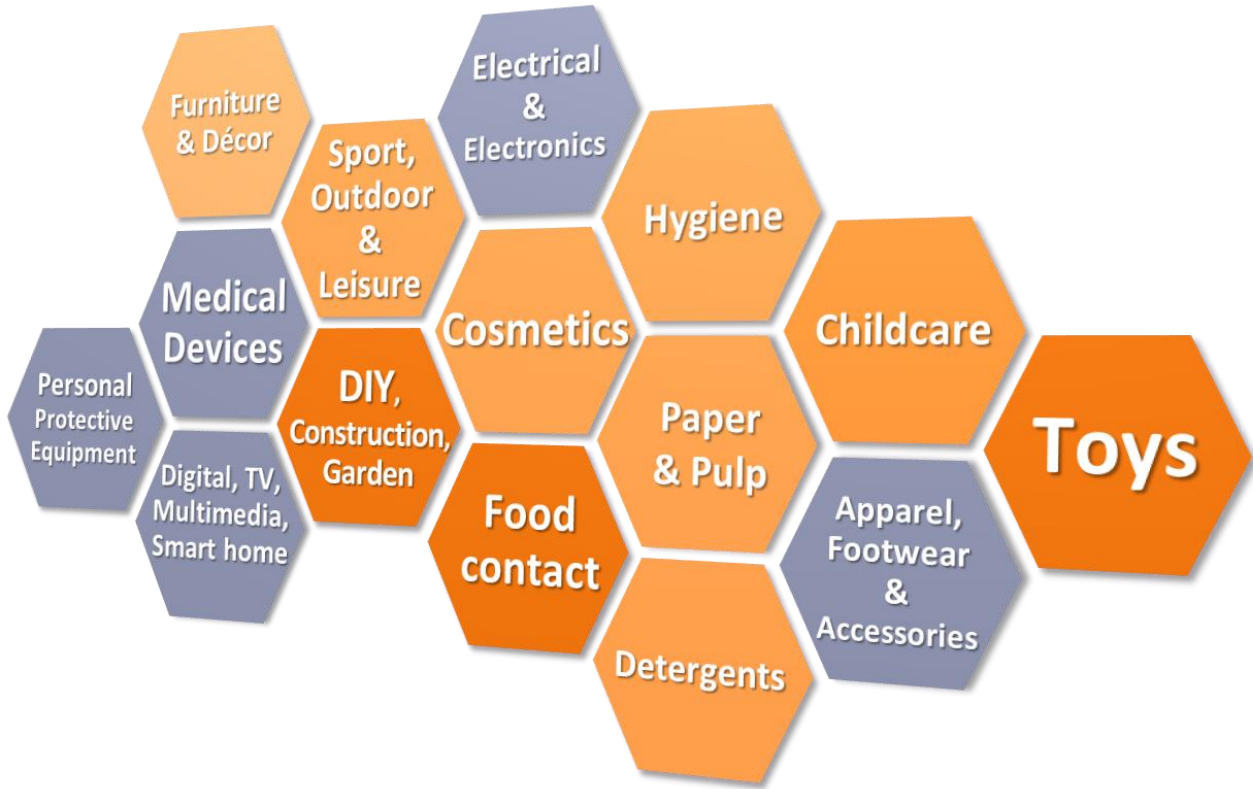

The Consumer Product Testing Division within the Eurofins group has a strong presence in Europe and the United States, with wholly owned laboratories also in the main production hubs in Asia, namely China, Japan, Vietnam and India.

Our mission is to become a global player in the Consumer Product Testing field, offering "one-stop shop solutions" and a complete, seamless service to our clients, acting as a functional extension of their QA and R&D departments.
