

EUROPE – ATEX, MACHINERY, CONSTRUCTION PRODUCTS

Update of harmonised standards list and European Assessment documents

On June 9th, 2017 the European Commission published the following Communications:

- Publication of titles and references of harmonised standards in the framework of the implementation of Directive 2014/34/EU of the European Parliament and of the Council on the harmonisation of the laws of the Member States relating to equipment and protective systems intended for use in potentially explosive atmospheres (ATEX).

The text of the Official Journal of the European Union can be found in this [link](#).

- Publication of references of European Assessment Documents in the framework of the implementation of Regulation (EU) No 305/2011 of the European Parliament and of the Council laying down harmonised conditions for the marketing of construction products.

Note: The provisions of Regulation (EU) No 305/2011 [\(1\)](#) prevail over any conflicting provisions in the European Assessment Documents.

The text of the Official Journal of the European Union can be found in this [link](#).

- Publication of titles and references of harmonised standards in the framework of the implementation of Directive 2006/42/EC of the European Parliament and of the Council on machinery.
